

# Why Choose Static Control Cartridges?

## Superior Performance and Quality

Static Control Cartridges provide OEM-level performance in both image density and page yield.  
What sets us apart from other aftermarket providers:

### 1. Exclusive Features:

- Bill of materials unique only to Static Control
- SCC proprietary toner formulations
- Advanced imaging systems
- Rigorous quality control enforced by dedicated Static Control engineers

### 2. Expert Design and Engineering:

- Developed using our extensive component knowledge
- Designed as a cohesive system for optimal performance

### 3. Premium Materials and Manufacturing:

- Made with the highest quality raw materials
- Built to exact specifications in state-of-the-art manufacturing facilities
- Continuous supervision and quality control by Static Control SQEs (Supplier Quality Engineers)

### 4. Unmatched Quality Assurance:

- Adheres to the highest quality standards in the aftermarket
- Undergoes stringent post-production testing to ensure superior quality
